## PROFESSIONAL SUMMARY

Highly motivated artist who has developed essential skills in hands-on fast paced animation environments, including project management, technical proficiency in industry standard software's, and creative problem solving. Seeking to further their career and skills while contributing impactful visual content, alongside captivating storytelling demonstrating an insatiable work ethic.

## SKILLS

- Environment design
- File organization
- Motion Graphics
- Adobe Creative Cloud
- Character design
- Visual Effects (VFX)
- Storyboard Creation
- Clip Studio Paint

## EXPERIENCE

**ANIMATOR** *08/2024 to CURRENT*

**Fulton Street Media Group | Columbia, Missouri**

- Expert experience with Adobe After Effects, Blender, and Clip Studio Paint for project specific visions.
- Provided hands-on experience throughout the animation pipeline for multiple animation projects, including concept art, storyboarding, animatic design, rough and final passes involving both in-betweens alongside extremes, and providing edits as needed post production.
- Participated in team meetings in which we critiqued each other's work for revisions, showed our current progress, and adhered to the schedule strengthening our vision and cohesion as a team.
- Organized 1000+ files of visual assets during multiple productions in order to streamline work flow and allow for efficient retrieval of files for all parties involved.

## EDUCATION

**Bachelor of Arts | Animation** *05/2025*  
**University of Missouri Columbia, Columbia, MO**
